Subject: Letter of Recommendation – Mick Knutson

It was my pleasure to be the Project Manager on a development project using the services and skills of Mick Knutson over the past three months. During that time Mick exhibited exceptional skills and knowledge over the development task at hand. Mick is a self-starter who analyzed the problem and single-handedly developed the entire front-end of the needed application. He went the “extra-mile” to assure the requirements were met on-time and always came through under difficult conditions. Mick has an exceptional knowledge over the tools and services required to develop an application of the type needed for this project.

It was a pleasure to have Mick on the Team and I look forward to working with Mick in the future.

Job well-done.
